Product Description

The Sandalwood Bush Rub contains: Sandalwood the Scented Emu Bush, Willunga Hills Organic Olive Oil and Maharishi Beeswax. This Rub is a rich infusion of Sandalwood and the Scented Emu Bush both contains exceptional medicinal properties. Sandalwood is well known medicinally for its anti-bacterial and anti-inflammatory compounds, whilst the Scented Emu Bush contains anti-bacterial and anti-oxidant qualities. This unique Rub may reduce pain; heal skin disorders such as eczema and psoriasis as well as relieving the symptoms of coughs and headaches. It may improve circulation and reduce blood pressure. This Rub is handcrafted and unique with not heat applied in the production process giving you a light in fragrance product. The healing properties of the plants which as present as compounds are alive and ready to be there for your body should it request their assistance, thus a direct relationship will be formed between your body and the plant. This is a 100% certified Organic Product.

Uses

- Anti-inflammatory
Sandalwood contains a very effective as anti-inflammatory agent. It has a nice cooling effect and provides relief from all types of inflammation in the brain, digestive, nervous, circulatory, and excretory systems that result from infections, fever, side effects of antibiotics, poisoning, insect bites, or wounds.
- Carminative
Sandalwood, being relaxant in nature, induces relaxation in the intestines and abdominal muscles, thereby facilitating the removal of gases. Also, it prevents excess gases from forming.
- Coughs and Colds
The Scented Emu Bush has been used internally and externally as a decongestant, expectorant and analgesic.
- Anti-Bacterial
The Scented Emu Bush is well documented for its anti-bacterial qualities and has shown time and time again its ability to remove warts, completely stop eczema and psoriasis in their tracks.

Directions for Use:

- Gently massage the required amount onto a particular place or apply it liberally over the body as required.
